A person with a backpack is standing on a mountain trail, looking out at a vast mountain range under a cloudy sky. The scene is captured in a blue-tinted, high-contrast style. The person is in the foreground, slightly to the left, wearing a backpack and looking towards the right. The background features steep, rocky mountain slopes and a distant peak. The overall mood is adventurous and scenic.

This document includes all Hotels that are part of the Free Independent Traveller (FIT) Scheme.

These hotels will be giving a financial incentive to each tourist that will book through the links provided in this document. The financial incentive given by these respective hoteliers can be spent on services within the hotel property, determined by each hotel.

The Financial incentive is of:

- €200 per person on every booking in a 5* Hotel.
- €150 per person on every booking in a 4* Hotel.
- €100 per person on every booking in a 3* Hotel.

Visitors to hotel properties on the island of Gozo will get an additional 10% value on the above incentives.
